THESIS SUPERVISORY PANEL:

Envirotectonic.

FINAL THESIS ASSESSMENT DATE:

weak - not to thesis expectation, Objectives are not achieved,

I cannot see a thesis yet? Lack of depth and information? Problem statement is weak?

I cannot see a thesis yet? The program does not show there is a need for such project? ~~?~~

THESIS SUPERVISORY PANEL:

ENVIRO-TECTONIC

FINAL THESIS ASSESSMENT DATE: 18 Sep 2013.

Name	Category	Knowledge	Skills	CTPS	
Poo	Distinction				Very slow & weak development. Shall not avoid the design challenges but to solve the problems. Shall consider the social aspect/needs, and solve them through the technological aspects eg. structure & bldg services. Need to revise the scheme & overall master plan.
	Good				
	Average				
	Minimum Pass				
	Basic Fail				
	Fail				
Shahril	Distinction				Equestrian Club House - Have the general picture of the topic but need to study the issues in more detail. Can the rich accept sharing the facilities with the common community? How about the economical aspect? What kind of interactive spaces? Need to go into more specific in term of architectural technology. Do not only focus on the comfort of horses, but shall consider the human comfort.

	Average			/	
	Minimum Pass				
	Basic Fail				
	Fail				
Farahin.	Distinction				Architectural Acoustic. Some statements mentioned are not really related to the thesis. The thesis objectives are not architectural, need to be revised. Need to be more focused on what the thesis is about, what kind of programme, how to study the acoustical performance, what kind of functions, etc. Shall look into the technical requirement for a concert hall.
