1. Wilson Ng	Distinction Good Average Weak Poor Very Poor	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		Comments: WW2 Museum What do museums represent? Wilson Ng needs to carry issue (World War Two Museum). The thesis scheme requires Malaysian, urban (heavy build-up) setting <u>not</u> Singapore. Scheme has to take into account of <u>SOCIAL CULTURAL</u> impact by <u>set</u> proposal.
2. Hazwan	Distinction Good Average Weak Poor Very Poor	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		Comments: ^{wellness centre} Need to determine site that's appropriate for proposed topic - Wellness for stressed-out commuters in job or better. Panel suggested site by Bazaar Kerat, Silk Temple and Sijang Legat. Need to increase complexity to include social-cultural factors ^{then} and <u>high</u> build-up areas (urban setting). Reduce the focus on hydro technical methods.
3. Fatm	Distinction Good Average Weak Poor Very Poor	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		Comments: Children learning centre on Recycling. Look at can sordier. Need to search for relevant site - more urban setting, heavier build-up areas. Need to limit area of site; Need to clarify target etc users population.
4. Wan Badrul	Distinction Good Average Weak Poor Very Poor	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		Comments: Proposed scheme appears to be isolated - no 'conversation' taking place between building & surrounding context; Zoning and its implications to design <u>NOT</u> considered during planning.
5. Hain	Distinction Good Average Minimum Pass Basic Fail Fail	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		Comments: Proposal do not seem to be justified; need justification for 'existence'; Lack possibility of 'attaching' project to Faculties, Centres, Offices, Key university units etc.; Consider UTM as whole, integrated 'urban' setting;
6. Jang Hao	Distinction Good Average Weak Poor Very Poor					Comments: Did <u>NOT</u> attend!
